Dead Line Comes Next Wednesday, January 31st

Poll Taxes Increase As Election Time Is Near

Next Wednesday is the final date for tax payments before the penalty is added.

Officers of the tax collectors' offices at the court house have been very active the past week receiving remittances of taxes, covering the state and county taxes, the district school taxes and the Canyon Independent School taxes. Poll taxes are said to be coming in very well, but automobile licenses are slower than last year.

It is expected that tax payments at the office of Tax Collector Bob Barnett before the end of January will be better than last year owing to the fact that the legislature was in session at this time last year, and there was a movement on foot to postpone payments of all taxes. It is known definitely this year that no postponement is in prospect for the tax payers, hence the activity of payments.

Poll tax payments were very light last year owing to the fact that no elections were in prospect. This year all citizens are very much interested in the primary elections which will be held in July and August. With candidates announcing daily, there is promised one of the hottest political battles of recent years, and all citizens are anxious to participate in the voting.

Automobile owners who have not bought their new license plates by next Wednesday will be facing trouble on Thursday if they attempt to take their cars on the highways. Highway patrolmen have been warning that all cars must be equipped with the new 1934 plates on the first of February if the cars are used.

John Guthrie, collector for the Independent School district, reports that collections are coming in very well.

Contractor on East Road Ready to Start First of Next Week

W. S. Crawford of Dallas was here this week getting ready to start work on the bridges and culverts for the highway east of Canyon to the Palo Duro Park. He will have tools and materials ready to start the work by the first of the week.

Work on the road was greatly handicapped this week by the order from Washington to cut the hours of the men from 30 hours per week to 24 hours, for those living in town, and 15 for those living in the country.

Irby Carruth was in Tulsa Tuesday to speak at the Kiwanis club luncheon. He was invited by Supt. Bill Younger.

Oklahomans Slated To Be Tough Opponent For Herd

After balancing the win and loss column of the scoreboard by taking two games from the New Mexico Normal University at Las Vegas, the West Texas Buffaloes face a real obstacle to their winning streak when they meet the Central Oklahoma Bronchos Friday and Saturday nights.

Central Oklahoma Teachers College of Edmund is pacing the Oklahoma Collegiate Basketball Conference by virtue of its victory over the last year's champions, the East Central Tigers of Ada. The Bronchos of Coach Pat Taylor have won six games and lost only two. They have lost no conference games and hold one victory over

G. B. Heath Candidate Re-Election as Commissioner

G. B. HEATH

The following announcement was authorized yesterday by County Commissioner G. B. Heath, who is a candidate for re-election to the office of County Commissioner, Precinct No. 1:

In announcing for re-election I realize that the voters will look back over my work for the past year, for which time I have been in office; I will greatly appreciate this.

I will give a brief outline of my road work: we have graded and widened about sixty miles of roads, and the grader did not start in my precinct until about the 15th of April. I turned the grader over to the Highway Department to be used on the East highway about the first of October. I have built a number of entirely new culverts, and have widened about thirty-five large ones which were too narrow. I have replaced about sixty small culverts with tile which was made in Canyon, making them cost about two-thirds of what new lumber would have cost. I have worked out many narrow places in the roads with freeways, and have done many other jobs too numerous to mention. I have a system of good roads started in this precinct. I have personally looked after the work, having given about 98% of my time during the past year to the county's affairs. I have bought 98% of all material and supplies for the County in Canyon.

County tax valuation was cut more than \$300,000 in 1933, and we lowered the tax rate five cents, which cut our rate to seventy cents. Very few other counties in West Texas have as low a rate as this; we have stayed on a cash basis and have only collected 47% of the 1932 taxes. I have spent considerably less money in this precinct than has been spent in it for the past several years. I have worked home men 100% and have divided my work up as much as possible in order to help as many men as I could.

I have co-operated with the City, College, Independent School, Highway Department, Park Board, and all other agencies that have been for the upbuilding of Canyon and Randall County; I will continue these policies if I am re-elected to a second term in the July primary. Your vote and support will be greatly appreciated.

G. B. HEATH, Candidate for County Commissioner, Precinct No. 1.

CWA WORKERS GET HOUR CUT FRIDAY ORDER

Materials, Teams and Trucks Reduced on Work

PROTEST IS MADE

15 Hours Per Week For Farmers; 24 For Town Men

As the first step toward reducing CWA activities, hours were reduced for all workers starting Friday. Workers who live in towns of 2500 population are reduced from 30 to 24 hours per week. Farmers and those living in towns under 2500 in population are reduced to 15 hours per week.

Orders came from Austin Friday to discontinue all projects on which materials were being furnished, also on those where trucks and team hire were necessary. This order was modified Monday to some extent, allowing the continuation of three projects in Randall county.

Word from Washington indicates that CWA funds are running low, and that retrenchment was necessary. The President has asked for an appropriation to carry on the work until the middle of April or the first of May. Members of the local committee joined by citizens of Canyon wired Congressman Jones and Senator Tom Connally that owing to the drought Randall county must have CWA work continued, or direct relief would be necessary for many of our citizens. Plenty of work is still in prospect for the men of Randall county. (Continued on last page)

Mrs. Geo. Reynolds Died This Morning at Home of Sister

Mrs. George Reynolds, 73 years, died this morning at 9:00 o'clock at the home of her sister, Mrs. Oscar Hunt, following an illness of more than a month. Her condition became alarming last week, and her daughter, Mrs. Neva Dahlgren of Huntington Park, Calif., was called to the bedside of her mother.

The funeral services will be held Friday afternoon at 3:30 o'clock at the Methodist Church, conducted by Rev. J. O. Quattlebaum, assisted by Rev. J. H. Hicks. The pall bearers will be J. P. Hicks, C. R. Burrow, J. D. Gamble, W. C. Black, Vote Winn and Dewey Foster.

Mrs. Reynolds was born at Madisonville, Tenn., May 23, 1861. The family moved to Canyon in 1901. Her husband, the late George Reynolds, was connected with a number of business enterprises until the family moved to California in 1918. Mr. Reynolds died in April, 1932.

Mrs. Reynolds has been spending several months at the home of her sister, Mrs. Oscar Hunt. They were the only surviving members of a family of eight children.

Mrs. Reynolds is survived by three children, J. C. Reynolds of Banning, Calif., R. E. Reynolds of Long Beach, Calif., and Mrs. Neva Dahlgren of Huntington Park, Calif., and one grand son, Edward Dahlgren.

The body will be shipped Friday afternoon at 6:25 over the Santa Fe for internment at Huntington Park.

CWA School Gets Started With 40 Taking Courses

Forty citizens of Canyon are enrolled in the CWA school which was started Tuesday. C. R. DeArmond and Mrs. Andy Walsh are teaching the classes. Supt. Irby Carruth wired yesterday for authority to put on two more teachers, owing to the number enrolled.

Work is being given in business English, typing, bookkeeping, short hand, business arithmetic, and public speech.

J. D. Barker Is Candidate Re-Election Co. Attorney

J. D. BARKER

The following announcement was made yesterday by J. D. Barker as a candidate for re-election to the office of County Attorney of Randall County:

Appreciative of the interest, support and co-operation shown me in the past, I hereby publicly announce for re-election as County Attorney of Randall County, and pledge myself to sincerely respect, fulfill, and execute the duties of the office if re-elected.

J. D. BARKER.

W. T. Hazlewood Is Candidate for Commissioner No. 1

W. T. Hazlewood has announced that he is a candidate for County Commissioner, precinct No. 1, subject to the Democratic primary in July.

Mr. Hazlewood has been a citizen of Randall county for 14 years. He has engaged extensively in farming and stock raising. As a result of his training he feels qualified to know the problems of the farmers and the stockmen of Randall county. While a citizen of Canyon, Mr. Hazlewood has taken a great interest in civic affairs, and believes that he knows what the citizens expect of their commissioner.

If elected as County Commissioner, Mr. Hazlewood states that he will seek to carry out the will of the people to run the business affairs of the county in the most economical manner. He has made no campaign promises as to employment which will be given should he be elected, and will seek to get for the county the most for every dollar which is spent by the county. He will go into office determined to work with the other members of the court harmoniously for the upbuilding of the entire county.

Mr. Hazlewood hopes to see every voter in the precinct between now and the primaries, and discuss with them the affairs of Randall county.

Retail Merchants Organize to Come Under the Code

Organization of the retail business of Canyon was completed Tuesday with the election of T. C. Thompson as local chairman and Fred E. Wortham as secretary.

Representatives of hardware, furniture, dry goods, variety and office supply business were outlined as coming directly under the general retailer code. Other lines of business may come under this code if they so choose.

The organization was certified to Washington, and orders will soon be received for the conduct of the local organization. The local organization formed Tuesday is composed of T. C. Thompson, hardware; Burt Newlin, furniture; J. Roy Moses, variety; Mrs. Alvin McDonald, dry goods and clothing; Clyde Warwick, office supplies.

Cars Must Have 1934 Licenses By First of February

A lot of automobiles will have to be equipped with the new 1934 license plates within the coming week, or go into the garage.

Highway patrolmen have issued warning that all cars must be equipped with the new plates on the first day of February, or a fine will be imposed upon the owners.

It is not necessary to have the head lights tested this year, as the law on this subject was repealed by the last session of the legislature.

COURT TERM EXTENDED FOR FINAL TRIAL

Mrs. Geo. Gohnston Is Found Guilty By Jury

FINE OF \$125

District Court Term Comes to End Sunday Morning

A jury found Mrs. George Johnston guilty of driving while intoxicated, and assessed a fine of \$125 with costs. The case started Friday morning, and the jury reported Sunday morning at 10:30 o'clock after having been out since 4:30 o'clock Saturday. The term of court was continued Saturday by Judge Henry S. Bishop, in view of the fact that the session came to an end at midnight Saturday. The minutes were held open pending motions for a new trial in the Johnston case, or notice of appeal.

In the case Sterling National Bank and Trust Co. of New York vs. B. F. Ellis, et al, the court found in favor of the defendant.

E. W. Miller vs. Geo. M. Whitson et al was dismissed.

Irene Blewett vs. Joe W. Blewett, a divorce was granted the plaintiff, together with custody of her five children.

In the case Phillips Petroleum Co. vs. Leo Stocker, judgment was rendered for the plaintiff.

R. B. Burnett vs. Mary A. Burnett, et al, was a suit for appointment of the estate of J. T. Burnett. J. D. Gamble, W. C. (Continued on last page)

Health Meeting to Be Held Friday at the Court House

A public health conference will be held Friday afternoon at 2:00 o'clock at the court house in reference to the survey which is being made in Randall county under the state wide plan.

Dr. C. E. Donnell, County Health Officer, issued the following statement yesterday regarding the work which is in progress:

In the last issue of the Canyon News, attention was called to the health survey that was being made in this county. Your attention is called to the fact that this is a state wide survey of health conditions.

A public health conference will be held in the court house beginning at 2 p. m. Friday. The public generally is invited and urged to attend this meeting.

The purposes of the survey will be discussed as well as the plans we have for making it. Some talks on the prevention of diseases will be given.

This meeting will be rather informal but several good speakers will be there to participate in these discussions. Show your interest in the health of your children as well as in other things.

Signed, C. E. DONNELL, M. D. County Health Officer.

4-H Club Girls Make 100% Record On First Goal

A record of 100% was made by the 32 girls of Randall County's 4-H Clubs on their first unit of work for the new year, when they turned in to Miss Sadie Kate Bass, home demonstration agent, thirty-two hand hemstitched linen towels last week.

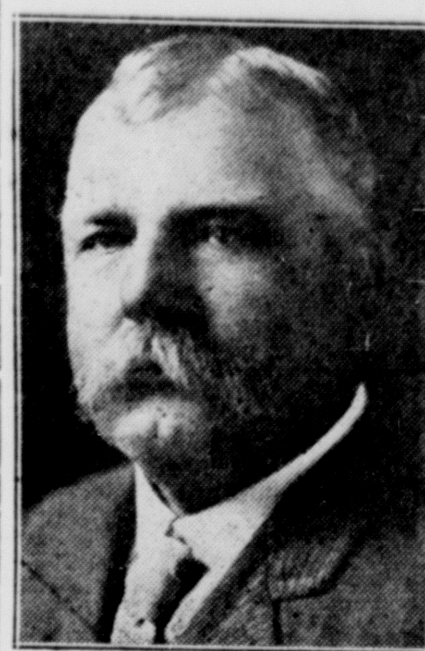

The goals set for the girls in their club work for 1934 are the making of a towel and a dresser scarf; the canning of twenty containers of fruits and fruit juices, three of which are to be exhibited at the county exhibit; helping with the family garden; the making of a cook apron and a dress to be entered in the dress contest in June.

Four clubs have been reorganized at Umbarger, Lakeside, Johnson, and Fairview, and the girls are entering into their new projects with much enthusiasm for the new year's undertakings.

TO PREACH SUNDAY

Rev. W. W. Richardson will preach Sunday at the First Christian Church at the 11:00 o'clock service. Col. Coppock spoke at this church last Sunday morning.

J. J. Bauer Is Candidate Re-Election Co. Commissioner

J. J. BAUER

J. J. Bauer, County Commissioner of Precinct No. 3, yesterday announced his candidacy for re-election to his present office.

Mr. Bauer has been a citizen of Randall county 25 years. He is serving as County Commissioner from his precinct, and has been urged by many friends, to stand for re-election.

"My record as a commissioner is the platform upon which I seek re-election," stated Mr. Bauer. He has attempted to give the county the benefit of his ability and experience acquired while serving the county. He has tried to do his very best, not only for the people of his own precinct, but as well for all of the county. He has been very careful in co-operating with the other members of the court in spending the people's money, and believes that the court has done a good job. He points to the fact that the county has been on a cash basis through these hard years, and has reduced the tax rate without impairing any of the necessary county functions.

Mr. Bauer states that he greatly appreciates the confidence in the voters who have elected him in the past, and if he is re-elected in the Democratic primary this year, he will continue to give the county his very best services.

City Fire Loss Greatly Reduced During Past Year

Canyon's fire losses improved nearly 400% during 1933 as compared with 1932 according to a report made by the Texas Fire Insurance department.

The loss of 1932 amounted to \$16,769, while this was reduced to \$3,478 during 1933. The improvement amounted to \$13,291.

Canyon lost the 15% credit for a good rating last year owing to the heavy losses of 1932. Just how long this amount will be added to the insurance rate of the city is not known, but probably for several years to come, as the losses of the city must be met by the policy holders.

The city officials were highly complimented upon the reduction of fire losses and urged to remind the citizens that "a clean place seldom burns." Frequent inspection of all property is urged by the state officials.

Miss Lillian Donnell of Amarillo spent Saturday and Sunday here in the home of her father, Dr. C. E. Donnell.

AUSTIN GROUP LOOKS AT THE CANYON PARK

Colp Sets Formal Opening During Month of June

PLAN FOR LODGE

Naason and Major Guthrie Here With Parks Head

Development plans of the Palo Duro State Park were discussed at length Friday and Saturday when D. E. Colp, chairman of the State Parks Board, George E. Naason of the National Park Service, and Major Guthrie of San Antonio, spent two days going over the development of the 15,650 acre Park.

Immediate naming of various objects and formations in the Park will be undertaken by a committee named by Mr. Colp and instructed to select names at once, submitting them to the State Parks Board.

Mrs. J. A. Hill of Canyon heads this committee, and working with her will be Miss Margaret Seewald of Amarillo, Dr. Kenneth Chapman of Santa Fe, J. Evetts Haley of Austin, Floyd Studer and T. E. Johnson of Amarillo, and Clyde Warwick of Canyon.

An associate committee is composed of L. F. Sheffy, Mr. and Mrs. Travis Shaw, Mrs. T. V. Reeves, Burl Elliston, and Col. Edward R. Coppock, all of Canyon.

Guy Carlander of Amarillo is associated with the committee as map maker, and has in the course of preparation a comprehensive map of that section of the Palo Duro Canyon which is embraced in the park.

Mr. Naason, speaking for the National Park Service, said, "It is not our job to improve or build a park. It's already here. It is our job to make it accessible to the people and to help them to see and understand its beauty."

State Park Board Chairman Colp said, "The Palo Duro Canyon is the only inverted mountain in the world. The people of Texas have a wonderful possession here," and Col. Coppock, who has only recently come to the Palo Duro CCC Camp as its commanding officer declared that the drive from rim (Continued on last page)

Joe Beckman Is Candidate Commissioner No. 2

Joe Beckman is announcing as a candidate for county commissioner of Precinct No. 2, of Randall County as follows:

"I'm announcing that I'm a candidate for County Commissioner of Precinct No. 2, subject to the Democratic Primary of July 28th, 1934.

"I have been living in Randall County for twenty-seven years, and think I'm capable to make you a good Commissioner.

"I stand for good roads, good schools and strict economy.

"Your vote support will be very much appreciated."

SUBSCRIPTION \$1.50 PER YEAR

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

Canyon is among the few towns in Northwest Texas which has been offered a loan-gift from PWA. The offer of \$9,000 for extending the water mains was made to the city of Canyon. After due consideration the city commission decided that it would be cheaper to go out and buy the materials and do the work themselves. The engineering costs, and the fact that the government demanded that the project be done by contract convinced the city that it could not afford to take the money, although 30% was supposed to be in the form of a gift. So far as Texas is concerned PWA has been of little or no benefit. The thing is moving so slowly that the working men would starve before any projects would get underway. As a result, the President authorized CWA, which is getting jobs done without the slow process necessary under PWA. Perhaps on large improvement projects where engineering knowledge is paramount, PWA will fulfill a mission. On small projects, it is a failure so far as accomplishing anything except running up expenses, and costs of operation.

The charge is being made that Jim Ferguson will use the relief work to further the chances of C. C. McDonald in the governor's race. Those on relief rolls are being urged to pay their poll tax in order that they may vote for McDonald, is the charge being made. Of course CWA workers are urged to pay their poll tax, like all other citizens, but any movement to coerce them to support any particular candidate for office will result only in defeat of that particular candidate. The Fergusons had no more to do with this relief business or CWA than any other citizen of Texas. "No credit is due McDonald for the money which the federal government is allowing Texas to spend on roads and other projects.

Pay your poll tax before the night of January 31st. This is a big political year in Texas, and every citizen should be prepared to do his duty toward his government. The right to vote is the greatest privilege granted by democracy to its citizens. Failure to vote shows a lack of interest in the welfare of the government. Dig up the \$1.75 for a poll tax receipt. Incidentally, poll taxes are collectable as delinquent taxes, the same as any other tax assessment, so those of age will have to pay sooner or later. By paying now you will have a voice in the government at election time.

Coat Dresses Swing into Style Parade

NEW VOGUE, WELCOMED BY MATRONS AND YOUNG GIRLS ALIKE, IS VERY CHIC, PRACTICAL FOR GENERAL WEAR

A charming coat frock featuring a side front button closing, with matching buckled belt, is shown above. Note the intriguing lower arm treatment of the sleeve.

BY HARRIET

Light touches on dark dresses, high necklines and individual details are the outstanding features of fashionable costumes for mid-

winter wear.

Coat dresses, always flattering to the mature figure, are in vogue. Younger girls like them, too. They're excellent for street wear and the office, as well as for dressier occasions.

Coat dresses pattern after the garments from which they take their name. Made exactly like coats, with double-breasted closings, they usually fasten on one side with three or four buttons. Most of the new ones are belted.

Collars on coat dresses are medium-sized, turned down in the back and have notched lapels. The new idea is to have a large silk scarf to wear around your neck. Knot it. Ascot fashion, right in the front and thereby attain a high neckline on a low-necked dress.

Another type of dress that is very popular this winter is the perfectly straight, unbelted model in a dark shade with white or pastel trimming.

Such a frock is slenderizing and, worn with white gloves to match the trimming, excellent for afternoon bridge, church, and informal supper parties.

A FLATTERING black coat frock, made of ribbed faille crepe, has an open, V-neckline with turned-down collar and notched lapels. A white silk scarf goes around the neck and is knotted at the front. The ends of the scarf are tucked into the bosom of the dress.

Four black, enameled buttons fasten the dress on the left side and a matching buckle holds the belt in place.

There are three pleats in front, three more in back. The sleeves are long and tight-fitting, with little wings sewed into the seam between wrist and elbow.

Worn with a brimmed felt hat, black suede gloves, and black suede pumps with medium heels, it's one of the most practical mid-winter ensembles a girl can have.

Another stunning dress of black crepe has cuffs, high neckline collar, and front trimming in white bengaline.

A triangular piece of material is

stitched into each side seam and the seams on back and front.

The sleeves are tight fitting and long enough to wrinkle gracefully above the wrists when you slip your hands into white gloves to match the bengaline.

Here is a youthful daytime frock of rich, mossy crepe. White bengaline cuffs, high neckline collar, and front trim add a chic contrast touch to the trim ensemble.

25 Years Ago

(Taken from the files of the Randall County News of January 22, 1909)

The legislature has a bill ready to pass establishing a new normal college in Texas. "This is almost imperative on account of the crowded condition of the three state normals now being run by the state. * * * There is a scarcity of teachers in the state, it being estimated that it would require at least 1500 more teachers to supply the demand among the public schools of the state." A mass meeting was called for the court next week to discuss the matter of Canyon going after the location of the new college.

"The climax of the immigration movement was reached this week when there was shipped from Wisner, Nebraska, one train load of household goods all of which came to Canyon City and Randall county. The train consisted of 21 cars of the goods besides the sleeping car accommodations for the attendants. The train was delayed in arriving owing to heavy snows in Kansas and the upper Panhandle.

The News plant was moved from a building west of the present site of the Palace Hotel to a building on the south side of the square (which burned a few years ago.)

A meeting has been called to organize a fire department.

Rev. J. D. White resigned as pastor of the local Christian church.

G. C. Long of Cordell, Okla., was here this week attending the funeral of his son, Henry L. (Bunk) Long, who died from a pistol shot at Emma, Crosby county.

G. G. Foster had a shipment of Randall county hogs on the Fort Worth market Saturday, which topped the market at \$6.10.

"When Canyon City was one of those border towns described in various and sundry novels, full of life and bad booze, there was a well dug at the intersection of the streets at the southeast corner of the square. As the town advanced it became necessary to close and fill the well for street purposes which was done. This week the place where the old well was sunk down a couple of feet and left quite a hole in the center of the street. Fortunately the place was discovered before any persons or horses ran into it and the hole filled up. It has been many years since the well was filled and just why it sunk at this time is hard to figure out.

Streamline Features Gotham Auto Show

Radical body designs of many of the cars on display intrigued the record crowds which thronged to the National Automobile Show in New York City. Streamlining in the extreme featured the new Chrysler, shown above; more conservative, but none the less interesting, were the new lines of the Big Six Hupmobile and the La Salle passenger sedan (left to right below). Wider doors, roomier interiors, and the new individual wheel suspension were other innovations at the show.

YOUNG DEMOS ORGANIZE IN SOCIETY HERE

Plan To Send Delegates To Convention At Lubbock

STUDY GOVERNMENT

Mrs. Alberta Bones Is Chosen County Chairman For Group

Twenty-five politically-minded students of W. T. perfected last Wednesday the organization of a Randall County Young Democrats' Society. Plans were made to send delegates to the West Texas Convention of Young Democrats to be held at Lubbock February 3.

The Young Democrats' Society is a national organization sponsored by the executive committee of that party for the purpose of training those who are about to assume the control of government. Major emphasis is placed on study as a means of understanding the machinery of government.

To Spread Society

Special significance attaches to the Randall County Organization in its aim of spreading the Society throughout the Panhandle by the efforts of students of W. T. when they return to their home counties.

Mrs. Alberta H. Bones was chosen to serve as County Chairman. Other officers are, president, Howard Williams; secretary, G. L. Stanley; treasurer, Kenneth Kendrick; sergeant-at-arms, Cagle Teague. Gerald Brown, John D. Davidson, Bob Rowan, John Walker, Ethel Brasuel, Connie Wayland, Myrtle McGowan, Ethel Rowland, and James Stone are members of the executive committee.

Students from the various counties of the Panhandle are urged to join the club soon so that they may become acquainted with its aims and preparation of initiating chapters in their home counties.

JUNIOR WOMEN DISCUSS
UPHOLSTERY AND DRAPERY

"Upholstery and Drapery" was the subject of discussion at the meeting of the Junior Woman's Club Monday afternoon. Mrs. Mitchell Jones, who was in charge of the program, gave the history of upholstery and draperies up to the 17th century.

Mrs. C. W. Batchelder discussed "Period Rooms and their Draperies," and was followed by Mrs. Carl Scott in a talk on "Modern Draperies."

Samples of modern upholstery were displayed. A round table on draperies suitable for the average home was held.

At the business meeting plans were completed for the tea which the Junior Woman's Club and the Woman's Book Club is giving January 31, at the American Legion Hall for the benefit of the public library.

Miss Malone, librarian of the public library, gave a report on the accomplishments thus far.

MRS. JOE GAMBLE
GIVES HOBO PARTY

A refreshingly different idea was used by Mrs. Joe B. Gamble in her entertainment of the 1930 Bridge Club last Friday afternoon. At the appointed hour, hoboes of many patches and colors appeared at the home of Mrs. Gamble at 1206 Sixth Avenue to contest for the prize awards. Mrs. Jim Redfearn was given first prize as the "hoboiest" hobo, and Mrs. S. L. Ingham was given second.

Following the costume inspection, games of bridge were played for the remaining part of the afternoon.

Hobo lunches in paper sacks were served with coffee at tables covered with newspapers.

Those present were: Mrs. Jim Redfearn, Mrs. C. R. Burrow, Mrs. W. R. Clark, Mrs. C. H. Jarrett, Mrs. S. L. Ingham, Mrs. Clyde Warwick, Mrs. L. Angel, Mrs. D. A. Shirley, Mrs. R. A. Terrill, Mrs. J. Humphreys, Mrs. F. E. Savage, and Mrs. J. L. Dufrot.

BLUEBONNET NEEDLE
CLUB WITH MRS. TOLLEY

Mrs. C. A. Tolley was hostess to the Bluebonnet Needle Club Thursday afternoon at her home at 1319 Seventh Avenue. The hours were spent at needle work.

Frivolities of 1934' Proves Smash Hit

ACCESSORIES, WISELY CHOSEN, ARE ECONOMICAL AND PERMIT AMERICAN WOMEN TO DRESS DISTINCTIVELY

ACCESSORIES are fascinating.

Though accessory departments are comparatively recent innovations, they have become firmly entrenched in the hearts of American women.

This year's frivolities, in the shape of scarfs, collar and cuff sets, muffs, fancy gloves, and belts offer an almost irresistible attraction. They allow for great individuality and, generally speaking, you can suit your own taste when you select them. However, they should be chosen wisely to ascertain their suitability for the dresses which they are going to complement.

A most economical idea is to select your accessories completely independent of the coloring of the dress with which you intend to wear them. Contrast always is pleasing and then, too, you'll be able to wear them with other frocks.

Bags probably are the most important items under the head of accessories. If you are shopping for a bag to carry with a simple suit, then by all means get one that is perfectly tailored and quite unobtrusive as to buckle or button fastening.

Shoes and gloves deserve much consideration. Always look for expert workmanship when you buy gloves. Even if the initial cost is a trifle more than you intended to pay, be sure and get gloves with seams that won't rip the second or third time you wear them. Novelty belts with matching collarets are new and smart. The nicest ones come in handsome suede combined with either gold or silver chain effects.

A COLLAR, bow, and cuff set in red, green, and cream tartan faille can be worn with almost any dark dress. The bow is separate from the collar and can be left off or pinned on—as you like. This accessory set is particularly appropriate for the junior miss.

Belt, collar, and bracelet in vivid red leather, with amusing gold chain fastenings, make an interesting accessory set to wear with a dark woolen winter dress. And they'll be good with your first spring dress, provided it is dark-colored, too.

Detachable gauntlet gloves and scarf are in light gray angora wool with red and white dots.

The same red and white dots decoration the leather belt, which can be worn as part of the set or, if you prefer, used separately. The hands of the gloves are of soft gray angora.

WORTHWHILE CLUB
WITH MRS. MCKEE

Mrs. Harmon McKee was hostess to members of the Worthwhile Club at her home Thursday afternoon. While the guests sewed, Mrs. McKee gave a report on the activities of other sewing clubs.

Miss Juanita McKee and Miss Lucille Davis entertained with several songs.

Refreshments were served to the

following: Mrs. W. G. Harris, Mrs. A. T. Smith, Mrs. W. L. Johnson, Mrs. F. A. Thomas, Mrs. W. T. Davis and the hostess.

Mr. and Mrs. Lige Frieze and Mr. and Mrs. T. T. Tanner visited Mr. and Mrs. Ed Pilley at Floydada Sunday.

Sam Cleland of LeFors visited his parents, Mr. and Mrs. J. S. Cleland here Saturday and Sunday.

Mrs. F. E. Smith and Mrs. M. O. Elliott of Tulsa are spending a few days this week with their sisters, Mrs. N. T. Dickerson and Mrs. Jay Prichard.

Mr. and Mrs. T. C. Thompson attended the convention of the Texas Hardware and Implement Association in Dallas the first of this week.

Eleven Clubs Reorganize For 1934 H. D. Work

Eleven Home Demonstration Clubs of Randall County have reorganized and set their goals for a new year's work during the month of January. One hundred fifty-five women are enlisted in the club work being done in the following clubs: Garrison, Sunny Hill, Hyland, Zita, Johnson, Edgetown, Centerville, Lakeside, Park, Jowell and West Side.

With their last year's work as a basis, the goals for 1934 have been increased in number and in difficulty, the work being concentrated on the pantry and wardrobe demonstrations. Bedroom demonstrations have been dropped for this year.

Each club member aims to have a well filled pantry with as much of the food supply as possible produced at home, and to be well-dressed. In order to accomplish this, the following goals have been set: the planning of a food budget, canning 400 containers, making a tested recipe file, exhibiting three containers at the county fair, checking or making foundation patterns, providing good storage space for clothes, making a dress to be entered in the dress contest, and the making of reports to the demonstrators. In addition to these goals, each woman is to help one or more non-club members and to get a report from one.

Hog Reduction Program Is Under Way in Co.

Preliminary work sheets will be mailed this week to all hog raisers in Randall county by W. H. Upchurch, county agent. Mr. Upchurch spent Monday in Amarillo with federal authorities where instruction was given county agents regarding the present hog campaign.

Mr. Upchurch mailed questionnaires to farmers last week seeking information regarding the hog population of the county. These blanks are being filled out and returned by the farmers.

It is likely that the county will be divided into four districts for meeting purposes. Contracts will be presented to the farmers just as soon as all information has been completed in Washington as to the manner in which the reduction of hogs will be handled.

International Relations Clubs Will Meet Here in March

Nine International Relations Clubs of West Texas and New Mexico will meet at the West Texas State Teachers College March 9 and 10, with the West Texas State Teachers College club as host.

The climax of the two-day program dealing with the League of Nations and problems of international education will be reached Friday evening, March 9, when an internationally known European speaker will address the gathering.

Besides the students and faculty members attending the conference, representatives of clubs, churches, and various other organizations will be invited to attend the banquet.

Colleges represented in the Southwest Conference are the University of New Mexico, New Mexico Normal University, New Mexico State Teachers College, New Mexico A. & M., Sul Ross State Teachers College, Alpine, Amarillo Junior College, West Texas State Teachers College, Texas Technological College, and Wayland College.

Approximately 50 delegates and out of town visitors are expected.

FURNISH CCC PROGRAMS

Talent from the West Texas State Teachers College is furnishing a number of programs at the Palo Duro CCC Camp this week end.

On Saturday evening students from the physical education and public speaking departments will give a program of stunts and readings for the entertainment of the men in the camp.

Sunday afternoon the Wesley student choir will render a service of devotional music with Miss Catherine Orr as artist for the occasion, sketching in charcoal while the choir sings.

Dr. R. P. Jarrett, dean of the College, will deliver the principal address at the main services Sunday evening.

C.C.C. CAMP NEWS

By Nugent L. Lowrey
Company 1828

Electric lights are now completely installed and in operation at the Veterans' Camp at Palo Duro Canyon. The first string of lights were turned on in the Mess Halls, Officers Quarters, and the Camp Recreation Building on Friday night, and on Tuesday night the complete circuit illuminating all barracks was in effect. Power is furnished by the camp power house.

Moving pictures will be enjoyed in the Recreation Building in the near future. The lighting effects are already finished, and the stage is already equipped with electric lights for performances. The motion picture machine and the screen are expected soon.

Good entertainments have been offered during the past week. The Black Mask Players, under the able direction of Dr. Parcels of Amarillo, furnished the diversion for one evening; a talented group from the Amarillo School of Music, under the leadership of Mr. Emil F. Myers, presented another evening's enjoyment, and on Sunday afternoon, the 142nd Infantry Band, under the leadership of Mr. Harold Ensinger, gave an excellent program.

During this week programs are being given by talented performers who are in CCC service at the camp. On Monday night, Company 1821 gave an enjoyable program, in which the Company orchestra was featured; on Tuesday evening, Company 1824 brought to the camp theater a group of entertainers, the outstanding numbers being rendered by the orchestra, and one enrollee who amazed the audience by eating glass and razor blades; on Wednesday night, Company 1828, under the leadership of Pat Townsend, gave a program of novelty fun stunts, featuring a black face comedy, pie eating contest, potato peeling match, and some tap dance numbers. On Thursday night, Company 1829 will furnish the entertainment with music and comedy.

Chaplain Gus Ramage has gone to Base Hospital at Fort Sill, due to illness. During his absence, L. B. Saxon is in charge of recreational and welfare activity.

Camp bulletin boards carry a notice that the Texas Legislature has passed an act that authorizes the issuance of a State Service Medal to Ex-Service Texas men, who honorably served in the United States Army or Navy during the Spanish-American War, Mexican Border Expedition, Nicaraguan Expedition, or World War. However, there is a charge of one dollar to each veteran who secures one of these medals.

Now that the camp is filled up to quota again, new ratings have been made for extra pay jobs, and these ratings have been so assigned that the new men participate along with the men of older service. Service records have been used to adjudicate each man's ability.

MRS. H. P. GIBSON TALKS ON HER NATIVE FRANCE

"Your country is very different from mine, but I love it," was the statement made by Mrs. H. P. Gibson, a nativeborn French woman, when she appeared before a class in Education at the College last week and spoke on "Public Education and Customs in France."

Mrs. Gibson, who is the wife of Capt. Harry P. Gibson, commander of Company 1829 at the Palo Duro CCC Camp, went through many thrilling experiences in France during the World War, being forced to flee from home during the Battle of the Marne and to take refuge in a freight car where for four days she remained without food. Following the war she served four years in a bank position in France before she married and came to America.

Mrs. Gibson spoke at some length about the types of schools, the education of boys and of girls, and the life and customs of the French people as she knew them. She was especially interested, she said, in the preparation of foods when she first came to the United States as American cuisine differed greatly from French methods of cooking. She learned the English language from practice, never having attended a course in language, and has an unusually good command of English.

She has two sons in the training school.

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11 a. m. and Wednesday at 8 p. m., when experiences, testimonies and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday, "Truth."

A reading room is maintained in the church from 3 to 5 on Thursday, excepting holidays, where the Bible and authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and to visit the reading room.

Museum Gets a Memento From Sam Houston Old Home

A log from General Sam Houston's old Law Office at Huntsville, and three pecan trees grown from nuts of Houston's pecan tree were interesting articles received by the Panhandle Plains Historical Society museum this week.

Together with these articles were a couple of pictures of the law office. Martinus H. Strougar, horticulturist in charge of the Sam Houston Home and Grounds Shrine at Huntsville, sent the articles, and in a letter to Dr. J. A. Hill, said that he was indeed pleased to be of service to the Museum in this matter.

Dr. and Mrs. Hill, Miss Richardson, Visit In Lockney

President and Mrs. J. A. Hill and Miss Mary Moss Richardson visited in Lockney Friday where Dr. Hill appeared before the Lockney Rotary club as principal speaker at their luncheon meeting.

Mrs. Hill and Miss Richardson visited classes in the Lockney Public Schools, where during the afternoon, Dr. Hill spoke to the grade children about the Byrd Antarctic Expedition.

While in Lockney the visitors talked with Harriet Dickenson, a graduate of W. T., and with Leo Cooper and Delmer Ashworth, also ex-students, who are teaching there.

Pioneer Pictures Are Placed in the Museum Collection

Among the late additions of pictures added to the Panhandle-Plains Historical Society Museum are those of the late E. D. Harrell of this city and Avery Turner of Amarillo.

Mrs. Harrell has placed a picture of Mr. Harrell in the Museum. He was one of the best known stockmen of Northwest Texas.

Mrs. Turner brought a picture of Mr. Turner to the Museum last Thursday, together with valuable papers of Mr. Turner, and a sketch of his life, which has just been printed. During his life Mr. Turner placed many of his papers in the Museum.

COLONEL COPPOCK SPOKE ON NATIONAL DEFENSE

Speaking on the subject, "The Organization of the United States for National Defense," Colonel Edward R. Coppock, commander of the Palo Duro CCC Camp addressed members of the American history classes and the International Relations club at the College Monday afternoon.

Colonel Coppock began by saying that the national policy was one of protection and promotion of security in time of peace and one of aggression in time of war, following with an outline of the relation between the regular army, the national guard and the reserve corps. "These three great divisions are planned to work to-

gether and to form an effective force in time of war," he said. He mentioned that San Antonio is the greatest training point for air forces in the world.

He described and told items of interest about the insignia by which members of the branches of the service can be distinguished.

Following his lecture, Colonel Coppock met a few of the students and faculty members in a tea at the College.

That evening Colonel Coppock spoke to the Court of Honor of the Adobe Walls Scout area.

Desk of Late Dr. Stewart Given to the Public Library

A desk which was used for many years by Dr. D. M. Stewart, will be used in the newly opened Public Library. The desk is given by Mrs. M. S. Bishir.

Dr. Stewart was always interested in the development of a Public Library in Canyon, and Mrs. Stewart was a charter member of the Woman's Book Club, the meeting at which it was organized having been held at the Stewart home more than twenty-six years ago.

This club has been collecting books to be used in the library ever since 1907.

Mrs. Bishir's generous gift is much appreciated by the Clubs and many friends of her father.

EPISCOPAL CHURCH

There will be the usual service at the Episcopal Church next Sunday night, at 8:00 o'clock, with Rev. Warwick Aiken of Plainview, officiating. All members and friends of the church are cordially invited to be present.

The Convocation at Lubbock was more largely attended than any in the past history of the District of North Texas, and was characterized by many interesting features. The religious services were held in St. Paul's church, and the meetings of the Convocation in Seaman Hall, the new Episcopal student center, which has already come to mean a great deal in the lives of the Tech students.

Reports of Seaman Hall and of the Little House of Fellowship, showing great activity on the part of both hostesses, were received with enthusiasm, as the Episcopal Church is deeply interested in college work. The student pastors, Rev. Lyle S. Barnett of Lubbock, and Rev. Aiken of Plainview, each came in for appreciative comment as their work of the past year was reviewed.

Fine weather, royal hospitality, and unusually interesting programs made of this, the twenty-fourth annual Convocation of this Missionary District, a memorable occasion.

COUNTY MEDICAL SOCIETY ELECTS ANNUAL OFFICERS

Monday night the Canyon Medical and Dental Society elected the following officers to serve for the ensuing year. F. M. Wilson, president, re-elected; S. L. Ingham, vice president, re-elected; and M. L. Saddoris, secretary-treasurer, also re-elected.

This society was established in October, 1932, and has held its meetings regularly since that time. The enthusiasm and friendship shown in each meeting are gratifying to its members. Every physician and dentist in this county are members of the society.

Miss Margaret Turner of Lubbock was the guest of Miss Orene McClellan over the week end.

Three Hours

Have your neighbors ever dropped into your home to borrow the weekly collection of circular letters, hand bills, etc., that the users think are as good as advertising in your favorite newspaper?—Menomonee (Wis.) Falls News.

Few people realize that actual coverage of even the most modest country newspaper. Not so long ago an advertising expert was quoted as saying that careful research had ascertained that a certain well known metropolitan paper is read, on an average, for the space of 20 minutes, while the average country newspaper has a "reading life" of 3 hours to its credit! It is kept 'round the house for a week and everyone in the family takes his turn in going through its pages.

That is something for both subscriber and advertiser to think about.

THE EAGLE'S TALE

VOLUME NO. 8

CANYON, TEXAS THURSDAY, JANUARY 25, 1934

Cactus Cal

Now Arthur! Whatta you doing with a moustache? If you want anyone to know you have one, you'd better dye it black. You might as well shave it off though, cause hardly anyone knows you have one now. Winnie Dee said his moustache "sure did tickle" her. And while we're speakin' uv Winnie Dee—Arthur, just why do you have so much business at the library the last period every day? It's not the librarian is it? I don't blame you though, "Hic's" a purty good all-around gal, ain't she?

Helen, you're always saying, "I'm broke flatter than heck" why do you say that and at that very time be carrying a purse under your arm. What are you doing? Telling a whack or carrying an empty purse? Now if you're lyin' you'd know what happens to kids that lie, and if you're not, why don't you sell your purse if you haven't got anything to put in it? You'd probably have a nickle then with no place to put it. Now, just why am I worryin'? Lotsa people, like me, make themselves sick worryin' over other people's business.

I'm always sad to hear of an operation, but yet, if anyone feels better after one, I'm glad Old Lee! We're missin' you up here at school, down in town and everywhere. We'd all be up there to see you, but you know how these kids are for cars. Just about one car to every twenty kids. But just you keep on smilin' and it won't be long before you'll be laughin' right out loud again. Hurry and get well!

Uv course this ain't no cheer up society, but don't you kids that flunked history feel bad, cause, Miss Murrell is always saying, "Only famous people go down (?) in history," so you all ought to feel complimented if your grade is lowered.

CACTUS CAL.

P. S. I thought that I had the most important news for the week in here, until I heard that our Canyon gals beat Happy, and that'd take the headlines in my opinion.

I suppose you remember once when I gave the gals a good preachin' about beaten Happy. Well, it's just now had its effects on them. They beat 'em. And is revenge sweet? Yessir, Miss Ann Smith's gals whipped Boone McClure's gals.

Gals, if you'll beat 'em again, I'll give you a regular feed. The game Saturday night decides for you. Are you gonna win or ain't cha. Well, we'll see. Yours again CACTUS CAL.

Cash Elected To Help Head Purple Peps

The pep club met Monday noon to elect a pep leader to help "Bill" Price at the basketball games, because the other leaders play basketball and could not lead. The club selected Rosa Cash. Mable Schmitz, Bill Price and Rosa Cash lead the girls in several yell, revising some of them. After the school song was sung, the club was dismissed.

Debaters Begin Active Work

The debate team for the interscholastic league was completed last Friday night, when Bob Orton and Jack Oldham were placed on the team. The regular teams now consists of four boys and six girls. They are as follows: Bob Orton, Jack Oldham, Dan Gerald, Alton Brasuel, Bobby Jo Cheyne, Armorer Lee Greenfield, Dora Mac Plaster, Rosa Cash, Laura Ferne Brian, and Irene Thompson. For the past week they have been doing much intensive reading and next week they expect to start writing their debates. Mr. Terry expects to send at least two boys and two girls to Amarillo to the debate tournament in February.

Mr. I. B. Carruth presided over a called assembly meeting, making most of the announcements. Mr. Terry then made a pep talk urging the students to attend the basketball games to be played here. The meeting was concluded with a short pep rally led by the yell leaders, Mabel Schmitz, Rosa Cash, and Wilma Price.

3 Students Make Perfect on Mid-Term Tests

Only three students of Canyon High School made a grade of 100 on a mid-term examination. Sam Archer, Myrtle Chitwood, and Estill Purlow made 100 on the Algebra II examination.

This means that there is room for a great deal of improvement for every student in Canyon High School in almost every subject. No student made above 95 in all subjects.

A grade above 95 was made by 31 different students, and several made above 95 in more than one subject.

The highest number of grades above 95 was made by the seniors with 14 grades above 95. The juniors had 12; the sophomores 7, and the freshmen 8. The percent of failures was seniors 1 percent; juniors 8 percent; sophomores 12 percent, and freshmen 16 percent.

So That You May Know

Elsewhere on this page can be found statistics dealing with the matters of honor roll, failing, etc. But while statistics and neat rows of figures may be interesting, they are of no value if you happen to be the parent of one of those students who remain in the failing column.

It is to eliminate those remaining F's that the high school is moving on to its next step in caring for its opportunity class. Officially, we have never dismissed at 4:00; we have only allowed those students to go home who were doing good school work. Hence if a student stayed from 3 to 4, he was getting a better chance to pass his work.

Beginning next week this class will meet as a group, promptly at 3:00. Then the various teachers will come in to give each pupil assistance as he requires it. The pupil will be relieved from this class period only when all of his grades are passing again.

Let us urge to you to co-operate with us by urging your child not to make plans to be elsewhere until after four o'clock. It will mean an educational gain to the child and a distinct financial gain to you.

Home Ec. Clubs Elect Officers

The Junior and Senior Home Economics club met Monday night, Jan. 15, at the home of Rosa Cash.

Officers were elected as follows: President, Rosa Cash; vice president, Anna Kathryn Overton; secretary, Anna Kathryn Overton; treasurer, Dora Mae Plaster; song leader, Ruby Foster; and pianist, Laura Ferne Brian.

After the election of officers a discussion of how to make the club better was held. The club now has seventeen members and the number was limited to twenty. If any girls want to become members their names must be added to the roll at once.

After the discussions, refreshments were served.

The Freshman and Sophomore Home Economics Club met Tuesday afternoon at three o'clock to elect officers and make plans for the future.

Marielle Oldham was elected president; Faye Plaster, vice president; Beulah Brasuel, secretary-treasurer; Mary Collins, song leader; Evelyn Cluck, pianist; Mildred Shuman, reporter, and Billie Louise Greenfield, Neva Lois Miller, and Mildred Shuman were appointed on the program committee with the vice president, Faye Plaster. The members of the social committee are: Carolyn Mayfield, Jean Slack, and Mavis Hardin, with vice president Faye Plaster.

Study Hall Is Planned For All Failures

Beginning Monday, a list of the failures will be placed on the bulletin board. These people are expected to meet in the study hall at five minutes after three and begin their remedial work. As soon as this work is made up and completed, the students will be dismissed. This is done in order to have fewer failures at the end of the term.

C. H. S. LIBRARY GETS SEVERAL NEW BOOKS

Canyon High School has four new books. "Shadows on the Rocks," by Willa Cather, was presented by Miss Jordan. The three new Texas History books are: "Texas," by Claudia W. Norvell; "Alkali Trails," by Holden; "On the Open Range," by J. Frank Doble.

Carruth Talks on "Cause of Failure" at P.T.A. Meeting

The Parent Teachers Association met Thursday, Jan. 18, in the auditorium of the high school. Mr. I. B. Carruth was the principal speaker.

In the talk on cause of failures, Mr. Carruth said that failures cause economic loss to home and school, economic loss to the school because it retains by failures pupils in the school system that should be out, thus making room for others to come in. It, therefore, increases the school load to a point above what it ought to be. Failures cause economic loss to the family because the child is merely wasting time and his family is losing otherwise profitable services.

Mr. Carruth gave eight reasons for failures in Canyon High School: 1. American philosophy of getting by rather than doing genuine work. The American people should take education more seriously by co-operation of the home in requiring, and the student in striving for, more thorough knowledge.

2. Irregularity of attendance is probably one of the greatest causes of failure in high school and one that needs no explanation.

3. Lack of study. Although the school has arranged its program with a sixty minute period, half of which is spent in supervised study, remedial study periods, and study halls, there still remains a great need for student study in his home. Especially is this true of those students ranking below average in their school work. Mr. Carruth also stressed here the advisability of the home's providing an appropriate place where the child may study.

4. Too many outside interests. There seems to be three outstanding interests to which the Canyon student is especially attracted. To these too many pupils devote a big proportion of their time. The home can be of great assistance to the school if it will see that the student studies more and wastes less time.

5. Poor background. The student is very deeply influenced by any lack of cultural background and encouragement, lack of ambition, faulty educational background, skipping of grades, and too many changes of schools.

6. Discouragement; Absence Lack of sympathy at home. Lack of sympathy and understanding of teacher. In stressing teacher and pupil relations, the speaker emphasized the importance of teacher and pupil understanding.

7. Lack of co-operation between the home and the school.

8. Other causes for failures mentioned were: ill health, over-ambitious parents, and personal habits of the pupil.

Preceding the business meeting two orchestral numbers directed by Mrs. Jesse Barker, the "Militia Gavotte," or "Graduation March" were played. The meeting was presided over by Mrs. A. W. Sternberg in the absence of the president, Mrs. William Robinson. The Association discussed first the Visiting Day program followed by a Colonial Tea to be held at the next meeting of the P. T. A.

The members then discussed the organization of a County Health Service this week. Dr. C. E. Donnell, County Health Officer, and Dr. F. M. Wilson, City Health Officer, explained the work under direction of the CWA, who are employing a County Health Nurse, Mrs. Dorothy Edwards, to carry out the project. Mrs. Edwards, according to Dr. Donnell, will conduct a health survey of the county.

Before the conclusion of the business meeting the P. T. A. appointed the executive committee of the organization as the Health Committee of the Public School.

A committee was also appointed with Mrs. Clarence Thompson as chairman to assist President J. A. Hill of the Teachers College in entertaining teacher-guests who will be assembled in Canyon in March to attend the North West Texas Educational Conference.

It was also decided that all parents and others who are interested in health should meet at the Court House tomorrow (Friday) at 3:00 o'clock, p. m.

Journalism Class Receives New Text Books

The journalism text books, "Writing for Print," by Harrington and Harrington, were received Monday.

Since the school does not furnish text books in Journalism, the students bought the books. They cost \$1.35 each. The books are attractively bound in bright orange with black printing. Twenty-one books were ordered.

Eagles to Play Happy on Friday Dimmitt Saturday

On Friday night, Jan. 26, the Eagle cagers of both sex will tangle with visitors from Happy, and on Saturday night following, they will meet teams from Dimmitt.

The Happy boys team as yet has not been defeated by the Eagles this season, and both games are expected to be tight, hard fought games since Canyon girls beat Happy last Friday night by a score of 33 to 29. In previous contests the girls' scores have been very close, while the boys' scores were so close.

Two or three seasons back Dimmitt produced state champion girls' teams, while the boys didn't show up nearly so well.

Come and see these fascinating games. When? Friday and Saturday nights. Where? Eagle gymnasium. Admission: Students 15c; adults 20c.

Students Win Local Prizes

Canyon High School students have won their share of the prizes offered by the local skating rink during the past two weeks for various roller contests.

Friday night, Jan. 12, Owen Miller and Marie Price each won prizes of \$1.00 for being the best couple on rollers. There were about six other couples entered in this contest. The crowd was the judge and voted by cheers and claps.

On Monday night, Jan. 15, Wendell Johnson won a prize of \$1.00 for winning a bottle relay contest. Bottle were placed in rows; the contestants picked them up, skated around the floor, then set them down again. Wendell having carried all of his bottles around the floor first, won the contest.

In a balloon bursting contest Wednesday night, Jan. 17, Lorene Mickel won a prize of \$1.00. Each contestant had a balloon tied on his or her leg. The boys were lined up at one end and the girls at the other; the trick was to see how many balloons each contestant could burst and still keep his own. Lorene won the contest because her balloon was the last to be broken.

Grade Students Elect Home Room Officers

The fifth, sixth and seventh grades have recently elected new officers for their home rooms. They are as follows:

7A: President, Joe Harry Roberts; vice president, Mary Horn, secretary, Natalie Fleisher.

7B: President, Billy Frick; vice president, Barnett Ball; secretary, Murle McGonigull.

6A and B: President, Harold Wall; vice president, Estill Brieling; secretary, Edrie McNeill.

5A: President, Annie Ruth Schmitz; vice president, Carl Small; secretary, Mary Frances Campbell.

5B: President Robert Bellah; vice president, Billie Joe Hunter; secretary, Roy Rogers.

The various home rooms last week studied thrift and Benjamin Franklin. They have been studying more recently the famous men who have birthdays in January, such as Edgar Allan Poe and Daniel Webster.

Children Hear Damrosch Hour

The grade school enjoyed a music appreciation program by the Walter Damrosch orchestra, again last Friday. The program, this time, featured Folk Songs of different countries played and sung by the Damrosch organization. The string quartet, consisting of the first and second violin, the viola and cello, played:

Tambourine, (France). How Can I Leave Thee (Germany).

Antonia (Italian). Sally in Our Alley (England). Czechoslovakian Dance Song. Loch Lomond (Scotland).

Turkey in the Straw (U. S. A.) The children voted upon the last number, Turkey in the Straw, as the piece they liked best and wished played over at the next program, March 2.

Colonel Coppock To Speak At Chapel Thurs.

One of the most interesting chapel programs of the year will be given Thursday today, when Colonel Coppock of the Palo Duro CCC camp will speak to the high school students and all outsiders as well, on the subject of army life and problems confronting it.

Colonel Coppock is an excellent speaker and is interesting, since he has traveled in fourteen different foreign countries, as well as in every state in the United States.

All town people are cordially invited to attend the chapel period

Thirty-two Students Make Honor Roll

The following students of Canyon High School made the honor roll for the third six-weeks period.

Those making 4 A's are: Lorene Mickel, Mary May Harrison, and Marielle Oldham. Marie Price made 4 A's and 1 B.

The following made 3 A's and 1 B: Lee Christine Cousins, Nell Slaton, Winnie Dee Hicks, Kathryn Hill, Robert Orton, Wilma Price, Irene Thompson, Mary Ella Davis, Billie Bee Fleisher, and Kate Donnell.

Those making 2 A's and 2 B's are: Lena Wade Jennings, Mary Strain, Thelma Bryant, Ruby Foster, Jack Oldham, Lucy Mae Purlow, C. L. Drummond, and Faye Plaster.

The following students made 3 B's and 1 A: Robbie Foster, Owen Miller, Sam Archer, and Beulah Brasuel.

Those making 4 B's are: Virginia Burgan, Margaret Nichols, and Hal Gamble.

These C. H. S. students are taking only three subjects: Laura Ferne Brian, making 2 A's and 1 B, and Armorer Lee Greenfield, 2 B's and 1 A.

Those making the Honor Roll in Semester Grading are: 4 A's, Lorene Mickel; 3 A's, 2 B's, Marie Price; 3 A's, 1 B, Mary May Harrison, Winnie Dee Hicks, Kathryn Hill, Robert Orton, Mary Ella Davis, Billie Bee Fleisher, and Marielle Oldham.

2 A's, 2 B's, Nell Slaton, Irene Thompson, Thelma Bryant, Jack Oldham, Kate Donnell, and Ruth Richeson.

4 B's, Owen Miller, Hal Gamble, and Beulah Brasuel.

2 A's and 1 B, Laura Ferne Brian, and Armorer Lee Greenfield.

Teachers' Club Meets Tonight At High School

The Teachers Study Club will meet tonight in the Home Economics room at the high school. The program, "How Worthy Home Membership is Taught in School," will be discussed by Miss Grace M. Clark, Mr. Cleveland Jones, and Miss Gwendolyn Black.

Refreshments will be served by Miss Ethleen Murrell, Mrs. Ola Beason, Mrs. Lee Foster, and Mrs. John M. Davis.

Eaglettes Defeat Happy Jackettes

The Canyon Eaglettes gained a long sought revenge when they defeated the Happy Jackettes Friday night in a fast moving basketball game. The final count was 33-29.

The starting line-up was:

Forwards: Mickey Schmitz, Velma Crawford, Dora Mae Plaster. Guards: Athalee Overton, Mary Ella Davis, Armorer Lee Greenfield. Substitutes: Neva Lois Miller, Marie Price, Geneva Whitman.

The Eagle girls made the first scores, but at the end of the first quarter, Happy was in the lead one point. Mickey Schmitz, who fouled out the first quarter, was replaced by Neva Lois Miller.

The score was first in favor of Canyon, then Happy, during the second quarter. The half ended with Happy still in the lead by a count of 10-8.

During the third quarter Greenfield and Overton fouled out; Price and Whitman took their positions as guards. The third quarter came to an end with Happy in the lead by 4 points.

The Eagles' two goals in the early part of the last quarter made the score a tie. This tie was rapidly worked off by the very carefully aimed goals of the Canyon girls, who were in the lead the rest of the game. The final score was 28-33.

Eagles Defeat W. T. Calves

The Canyon Eagles added another victory to their list Friday night by defeating the W. T. Calves 27 to 26 in a rough and thrilling game at Burton Gymnasium.

The Calves took the lead at the start, and were leading 14 to 5 at the end of the first period. The Eagles began finding the basket in the second period and had tallied 6 points when Neighbors, guard for the Calves, fouled out in the middle of the period. The half ended with the score 15 all.

The Calves were able to tally only 2 points to the Eagles' 7 in the third period. The last quarter furnished approximately 100 fans a thrill. The Calves were able to bring their score up almost to the Eagles, and a free shot placed them only 1 point behind. Neither team was able to tally in the few seconds left to play.

Savage, Calv center, was high scorer with 10 points, and Ellison, Eagle forward, came second with 6 points.

Both teams missed a large number of shots from the foul line.

There will be a joint recital of the music and expression pupils of Mrs. Lee Foster and Miss Irene Angel Tuesday night, Jan. 30, in the high school auditorium. All the parents and citizens are urged to attend. Admission free.

High School Girl Scouts Have Hike

Twelve high school Girl Scouts and Miss Goodrich went on a hike to Hale's park Wednesday, Jan. 17, after school.

Leaving the building at 3:30 they divided into two groups, the first, the blazers, and the second, the pioneers. Each blazer was given a number. The purpose of the blazers was to write questions on pieces of paper and hide them on the trail. The pioneers with corresponding numbers were to come along afterwards and try to find these notes. Various questions were asked. One was to find six kinds of trees on the way out to the park. Others were to find two kinds of cacti; to be able to say the ten Girl Scout laws, and to estimate distance by thumb-jump method. These pioneers when they arrived at Hale's, had to answer these questions. After they were answered, Miss Goodrich showed the girls how to measure distance easily.

Each girl brought her supper. Three fires were built over which some queer things were cooked, such as "angels on horseback," "pigs in a blanket" and onions and potatoes.

After supper a large camp fire was built and the scouts assembled around the fire and sang songs. A new song, "Shadows Creep," was learned. "Shoot the Buffalo," was also enjoyed. Taps was sung and the girls hiked back home.

Frieda Lowrie Is Treasurer of Press Club

Frieda Lowrie was elected treasurer of the Press Club, in Journalism class Thursday, Jan. 11. Robie Foster, editor; Hampton Lisle, associate editor; and Ruby Foster, secretary will retain their positions for the remainder of the year. The club is raising money for the Press Club pins. It is expected that a great number of pins will be awarded this year.

LORENZO WIRT ENTERTAINS WITH DANCE PARTY

Several couples enjoyed a dance at the home of Lorenzo Wirt, after the basketball game Saturday night. The guests were: Mable Schmitz, Evelyn Van Swearingen of Hereford, Rosa Cash, Elizabeth Ireland of Hereford, Arthur Overton, Francis Elliston, Lester Clouch, Willard Childress and George Schmitz.

Staff Rejoices When Given New Room

The Eagle's Tale Staff and Journalism class was given a new room, which will be the permanent home of the Eagle's Tale for the remainder of the year.

Tuesday morning the Journalism class was very much thrilled when Miss Goodrich told them they had been given the old fourth grade room for a permanent class room, and that no other class would meet in it. The room is located on the second floor with all the offices, and it is on the south side of the building where it will be warm for the staff to work on the paper, after the heat is shut off Monday afternoons before the paper is sent to the press.

The class presented a queer sight to several classes as they hurried down the halls and stairs, moving all their property to the new room. Bill Cone and Hampton Lisle led the procession, both carrying huge stacks of newspapers under each arm; Mary Ella Lowe, followed, her hands full of thumb tacks, letters, and hooks, while Helen Hardman and Armorer Lee Greenfield paraded, adorned with Eagles Tapes.

Jack Oldham acted knightly and carried all the girls books. The rest of the pupils modestly carried stray articles that their eyes happened to glance upon. When the class reached the door of the new room, their spirit was not weakened by having to wait for ten or fifteen minutes for Bill Cone to secure the key so that he could open the door and let them in. Due to the fact that this was originally the fourth grade room, many of the desks are too low for the students, but the janitor has raised most of the desks.

Since that time the room has changed from a bare room with only a few desks to a very busy room with its walls lined with papers, and its book case full of them.

"Shirt Sleeves," Senior Play Has Arrived

"Shirt Sleeves," the '34 senior play, has just arrived. It is one of the popular modern plays, having received first place in a high school survey conducted by the Players Magazine for 1932-1933.

The play, written by Charles Quimby Burdette, is one of the Gateway Series of tested plays. It is a three act comedy, having eighteen characters, and it is very fitting for this year as it deals with the depression.

The main characters are members of the Rand family; others are: a politician, an auctioneer, a milkman, two baggage men, and two spinsters.

7th Grade Girls Defeat Fish 6-5

The Freshman basketball girls were defeated, with a score of 6 to 5, by the Seventh Grade Girls at noon Thursday, Jan. 11th.

The Fish basketeers were defeated in the grade school gymnasium with Jean Slack, Neva Lois Miller, and Betty Ruth Solomon shooting goals. Miller and Slack each shot a field goal and Cox, a substitute for Solomon, made one free goal.

The Seventh Grade goal shooters were Mary Horn, Gladys Hutton, and Mary O'Donald. Mary made two field goals and Gladys made one.

The game was played in three quarters instead of the usual four quarters, and the referees were Mable Schmitz and Athalee Overton.

Miss Ethleen Murrell and Mrs. T. V. Reeves attended a banquet of the Founders of the Association of University Women at Pampa Friday night.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, distention, headache. You have become an unlikable, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, pills, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts one free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. Get at drug stores.

Refuse "something just as good" for it may grip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C.M. Co.

ty owing to the highway being built east to the Palo Duro State Park, which will take several weeks to complete. The small projects on which teams and trucks may be used will not last for a long period. When these are finished, it is hoped that the order will be modified in order to start other projects allowing trucks and teams.

J. H. Cox, Jr., chairman of the local committee, has telephoned Austin several times this week attempting to keep all of the projects in Randall county going in order that none of the quota of men would have to be laid off.

The order for cutting in half the hours for farmers came from Washington, and applies to all southern states. It was stated that farm work would soon start in the south, and an injustice was done Northwest Texas, owing to the late season of this section, and the drought which has prevailed on the Plains.

Court Term

(Continued from first page)

Black, and Oscar Hunt were appointed as a commission to appraise the estate. A division of property was entered by the court.

Joe Beckman vs. Paul Foster was transferred to Potter county.

C. R. Burrow, T. V. Slack and W. H. Harden were appointed as a jury commission to select grand jurors and petit jurors for the next session of court.

J. C. Danner et al vs. Robert Ricks et al. was dismissed.

In the case of apportionment of the estate of W. T. Helms, notice of appeal was given by some of the heirs.

An indictment against Dale Young was dismissed. He was indicted four years ago and has not been arrested.

This term of district court was unique in the fact that it was the first time that a grand jury's action was found to be illegal owing to the fact that four members had not paid their poll taxes; and also that it was necessary to continue the court owing to a jury being out at the time for adjournment.

Park

(Continued from first page)

to rim across the Palo Duro was the most attractive ten miles that he had seen in all his travels.

Members of the committee were agreed that names of beauty and significance should be given to objects in the park. These names will be chosen from Spanish, In-

dian, and English names and so far as possible each one will have a real historical significance and will add to the romantic interest in the park.

Mr. Colp spoke at the College chapel period of W. T. Saturday, discussing the development of the Palo Duro. A lodge for W. T. students may possibly be built in the Park.

Judge Colp spoke of the difficulty to interest the local people in beautifying adjacent works of nature, such as the Palo Duro Canyon. He also told of many other park projects in the state and gave information of the park at our back door. The students were urged to circulate information in their home towns about the beauties of the state park, and especially to help in advertising the Formal Opening which will be featured by a three day celebration in June and to which it is expected that some 25,000 people will come. G. E. Naason, representing the National Park Service, accompanied Judge Colp.

Such a lodge as is planned will be of inestimable value to students, especially through the warm season of the year, offering an ideal spot for outings of all sorts. Plans are to be begun immediately and Judge Colp expressed the hope that actual construction could be started by the CCC workers early in April, though no definite date has been set. Dr. Hill stated that suggestions for possible plans were now in order and that suggestions from the student body would be appreciated.

their first three games, having won their last three. They could not work together as a team at the beginning of the season, but at Las Vegas, although doped to be the victims of one of the best teams the Normal has had in years, the Tall Bufs hit their stride and won two games. The Bufs have a precedent of winning games which they rather hold as sacred, and this year's squad intends to uphold that tradition. They have served notice in their last three games that they are ready for the best of them, and the games Friday and Saturday will show how they stack up against the best in Oklahoma.

Bufs Take Two Games From Las Vegas Teachers

Evening their results of games played this season, the West Texas Buffaloes downed the New Mexico Normal University quintet in a two game series on the Cowboys' court by the scores of 32-21 and 25-23.

As the score indicates, the Bufs had a tough job on hand during the second game, but easily kept the lead in the first game after a good start.

However, at the end of the first period, the going looked rough with the Herd holding only a one point lead in the score of 10-9. But Stroud got on with one handed shots in the last half and ran up a lopsided score. He was ably helped by Walker, who chalked up 8 points during the game. Stroud was high point man with 12 points. The Cowboys scattered their scoring, Dunbar leading with 6 points.

During the second contest, the lead seasawed from team to team, the game belonging to anyone until the last shot. Hutchinson and scoring with 7 and 8 points, respectively. McMinn and Richards of West Texas followed closely with 6 points each. Phillips and Walker turned in a good game.

Terrazzo Floors Being Completed in W. T. Building

Work is progressing rapidly in the laying of the terrazzo floor in the administration building of the College and the painting in the upper halls is being done as fast as class schedules will permit.

Practically all of the terrazzo is now laid in the halls and there remains the task of polishing and giving it the final treatments. The stairways to the second floor are also being rebuilt and repainted.

Most of the work is being done at night in order not to interfere with lecture periods and the activity of the students in going to and from classes.

Medical Society Favors Health Program in County

In a regular meeting of the Canyon Medical and Dental Society, the Physicians and Dentists of Canyon heartily sanction the present health program. They believe that all children in the county should be immunized against diphtheria, smallpox and typhoid fever. They are entering into the spirit of this campaign, believing that it is one of the foremost movements ever inaugurated by the State Health Department.

Some reduction is made in the fee to be charged for the administration of diphtheria toxoid, and some special arrangements were made whereby families with more than one child may be able to give them all toxoid without an excessive expense. They advise all to see your family doctor as soon as possible and make sure that your children are immunized.

When the committee comes to your house be able to tell them what children of yours have been or will be immunized for these diseases.

MASONIC LODGE MEETING

The regular stated meeting of Canyon City Lodge No. 730 A. F. & A. M. will be held at the Masonic hall at 6:30 p. m., Friday night, Jan. 26th. Interesting change in by-laws to be brought up.

Cowboys Entertain Rotarians; Thomsen Predicts Moisture

T-Anchor Cowboys furnished a program of music and stunts at the Rotary Luncheon Tuesday in the program of which Tom Knighton was chairman. The boys are from the College Farm and have performed upon many occasions with their unique programs.

Dr. R. Thomsen of Amarillo made a short talk, making two statements which met with unanimous approval; 1st, that there will be plenty of moisture in February and March; 2nd, that this country is on the edge of a boom. This is the 23rd weather cycle, which will bring plenty of moisture. The element of fear has passed in America which will bring immediate recovery.

Visitors present were: R. E. Wertz, Dr. R. Thomsen, Norris Ewing, Ben Anderson, Paul Edquist, F. A. Zimpfer, H. G. Persons, all of Amarillo; Dan F. Sanders, W. D. Mater and H. S. Strain of Canyon.

Local Committee Is Named for Farm Debt Conciliation

Governor Ferguson has appointed a Randall County Farm Debt Adjustment committee composed of J. B. Gamble, chairman; Wilford Taylor of Umbarger, vice president; W. J. Wooten, secretary; John Weyen, and L. M. Fischer of South Amarillo.

The function of the committee is to work between the farmers and land owners and the Federal Land Bank. The committee is appointed with a view of arriving at a friendly, sensible and fair solution of the debt problems, and that such efforts will tend to conciliate many problems of the type which have heretofore resulted in unnecessary foreclosures.

Local committees are appointed in every county of the state. The members serve without pay in order to be of assistance to the farmers who need help in solving their debt problems.

The Randall county committee has had several problems submitted to them, and have been able to assist the farmers of the county.

Musical Memories Are Given Monday in Y.W.C.A. Show

Two Canyon organizations, the Palo Duro Post of the American Legion and the Canyon Novelty Orchestra, assisted Monday evening in making the Y. W. C. A. program of Musical Memories a success.

Presenting a dramatic scene of war, reproductions in the vital experiences of the men who "went to the front," the ex-service men gave a realistic performance. J. B. Fowler, in the person of the colored recruit, furnished comic relief during the scene. Professor C. W. Batchelder maintained the thread of the story from behind the scenes.

The Canyon Novelty Orchestra furnished, during the intermission, music that was well received by the audience.

The program, divided into five periods, The Gay Nineties, Dawn of the Century, Post War Songs, Ye Olde Prosperity, and the Depression—In and Out, was presented by means of dances, skits and songs, with a double chorus of eight voices furnishing the background for the skits. Carrying a cast of seventy-five students the entertainment was one of the largest productions that has been attempted at the College this year, furnishing an opportunity for many talented students to appear in public.

Gate receipts for the show amounted to \$61.00, says Miss Ruth Lowes, who was in charge, which amount will go into the regular Y. W. C. A. budget and will be used to send delegates to the annual Y. W. Conference and to carry on the other projects sponsored by the organization.

Members of the Amarillo Post of the Salvation Army also gave assistance in the war scene depicted by the American Legion.

If You Get Up Nights USE BUCHU AND GIN

Make This 25c Test

It is as valuable to the bladder as castor oil to the bowels. Drives out impurities and excess acids which cause the irritation resulting in getting up nights, burning, frequent desire, leg pains and backache. On account of the alcohol use juniper oil from which gin is made. Ask for Bukets, the bladder axative, also containing buchu leaves, etc. After four days, if not pleased your druggist will return your 25c. You are bound to sleep better after this cleansing. City Pharmacy says Bukets is a best seller.

Three Counties Added to Randall In Home Survey

With the completion of Randall county in the rural home survey, Miss McClellan was authorized to send her workers into Deaf Smith, Swisher and Potter counties for the purpose of making a total of 2,000 homes in the survey. It was originally intended to add only Deaf Smith county, but this was found impracticable, as the required number of homes could more easily be secured by taking the three counties, and making a survey of those homes adjoining Randall.

Randall county women are doing all of the work. The investigators on the survey are: Mrs. Tom Lair, Mrs. E. D. Roberson, Mrs. S. L. Robinson, Mrs. Catherine Sibley, Mrs. L. A. Donnell, Mrs. Elmer Winters, Mrs. B. E. McCormick, Mrs. Otto Lehnick, Mrs. Earl Burtz, Miss Lucy Bennett, Mrs. Albert Byars.

A compilation of the survey is being made in the office at the court house by Mrs. Elizabeth Stewart, Mrs. Carrie Johnson, and Miss Ann Foster.

It was intended that the survey should be completed by February 1st, but owing to the reduction of working hours, the time limit has been extended.

LIBRARY BOOK REGULATIONS

Because so many people are using the new library, it has been decided to allow persons living within the city limits to have only one book at a time, though books may be exchanged any day the library is open. Bookcard holders living outside of Canyon may take two books at a time, and keep them for two weeks if they wish to do so.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices. All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Words are intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
